

Sherborne Developmental Movement and Coronavirus May 2020

The Sherborne Association UK would like to send you their thoughts and concerns to you at this new challenging time with the Coronavirus lockdown.

We met recently as a committee, on Zoom, and were all saddened by the fact that we are unable to practice our movement in our settings other than with our families in our households.

Our work as Sherborne practitioners focuses our movement around touch and so this makes it difficult outside our households. At the committee meeting we all look forward to a time when our precious work will continue again.

ICL Retraining 2020 – New Date

The decision, forced by the pandemic, was made to move the ICL retraining to the 5th to the 8th August 2021 in Bristol. We look forward to gathering there with our international course leaders.

In the meantime all Level 1 & 2 courses will be postponed until we know when it is safe to hold the courses.

We wish you a safe journey through this time.

With kind regards

Amanda Turner (Chair of SA UK) and the SA Committee
